

VANCOUVER MADE / FIFA WORLD CUP 2026 /
BCIT TECH COLLIDER

MADE ON

They asked for the Vancouver story. We finished the sentence.

Made on what?

**Made on stolen
ground.**

**Made on Hogan's
Alley.**

Made on \$729

million of public money.

A settler artist's refusal to make the celebration jersey. No borrowed sacred imagery. The coloniser's own paperwork instead: the receipt, the redaction, the banknote.

THE RECEIPTS — ALL PUBLIC RECORD

\$685M–\$729M gross BC
cost, seven games.

\$242M security. Up to

\$114M net to BC

taxpayers.

California ran the same
tournament on private
money.

Oppal inquiry: the women
were "forsaken twice,"
the VPD "utterly failed"
to warn them.

2010 Olympics:

homelessness up ~373%;
1,400+ DTES units lost
after a "no
displacement" pledge.
